

M0051 GARDEN HOSE ASSEMBLIES

This black EPDM rubber garden hose assembly is a commercial-grade solution built for high performance, offering a working pressure of up to 200 PSI. Featuring crimped brass male x female garden hose thread ends, the heavy-duty fittings ensure a secure and leak-proof connection, suitable for demanding environments.

The EPDM rubber construction provides excellent resistance to weathering, ozone, and UV exposure, making it ideal for outdoor use.

This hose assembly is perfect for commercial applications such as washing down equipment, maintaining large landscapes, or cleaning outdoor areas in industrial settings. Its robust design guarantees reliable water flow and long-lasting durability, even under the toughest conditions.

Tube	Black EPDM Rubber
Reinforcement	Spiral Textile
Cover	Black EPDM Rubber
Working Pressure	200 PSI
Temperature	-40°F to 212°F
